

YEARS 9 & 10

HSC COWORKS

**Laying strong
foundations for
Mount HSC!**

WELCOME

TO HSC COWORKS

SUPPORTING STUDENTS TO
CONQUER THEIR HSC FOR OVER
29 YEARS.

Over the past 28 years we have helped 1000s of students turn their HSC goals into their HSC reality. We would love to do the same for your child by laying strong foundations early on in their climb, in Year 9 & 10.

When our team work with your child they will;

Inspire action + Facilitate progress + Build confidence + Improve thinking + Get organised

Members of the Year 9 & 10 program will;

- ✓ Receive support with school work, assessments, exam preparation with a focus on English, Maths and Science.
- ✓ Work in a focused and structured environment. *Without phones. Without distractions.*
- ✓ Develop essay writing skills in preparation for year 11.
- ✓ Proactively prepare for assessment tasks & exams.
- ✓ Have the opportunity to work 1-on-1 with experienced Teachers.
- ✓ Get feedback on your work from experienced HSC Markers.
- ✓ Stay motivated, be kept accountable and be mentored by experienced and committed Coaches who received ATARs above 95.00.
- ✓ Receive weekly reporting on your child's progress and engagement.

Founder, Fergus Gardiner and the team discuss the history and mission of HSC CoWorks.

98.7% of past students would recommend HSC CoWorks to a friend.

100% of past students said their confidence increased as a result of attending hsc coworks.

WHAT DO WE DO?

YOUR TRAINING GROUND FOR THE HSC

Just like a gym, the HSC CoWorks coaches will support your child to improve their performance and keep them accountable to their goals. Their sessions at HSC CoWorks will be energetic and motivating, supporting them to overcome their challenges and develop key skills for academic success! Outside of their coaching sessions, they have optional access to HSC Coaches, Markers and Teachers 7 days a week from home to further support their progress.

THE HSC COWORKS TEAM

MEET OUR COACHES

COACHES

We have over 60 high calibre Coaches who have recently completed the HSC (ATAR average of 97.00). Our current cohort of Coaches include duxes, ex school captains, state rankers and all rounders. What they all have in common is a passion for supporting the next generation of HSC students to overcome the challenges and achieve their dream result. Our Coaches typically work with us for 2-4 years whilst studying at University and undergo weekly training and regular professional development.

MARKERS

Our Markers all have experience marking the HSC with NESA. Our markers mark over 10,000 essays each year and over 40,000 pieces of work in total across all HSC CoWorks students. Our markers can mark in over 16 different subjects and each marking includes feedback and direction which gets a student closer to knowing what the markers are looking for in the HSC.

TEACHERS

Our Teachers have many years of experience and provide expert support to students via the optional Zoom an Expert service.

MEET THE TEACHERS

SUBJECTS SUPPORTED

Our Year 9 & 10 program offers weekly face to face support in **Maths, English & Science** however our coaches can provide guidance and support in all subjects through brainstorming, collaborating and problem solving to improve a student's thinking and make progress in their tasks. Students can also access support in their other subjects from home via our 'HSC Marking' service and also the additional 'Zoom an Expert Support' (see pages 5/6 for more detail).

6 KEY BEHAVIOURS

FINISH SCHOOL WITH NO REGRETS

How do we support students to get motivated and finish their 13 years of schooling with no regrets?!

Over the past 28 years we have developed six student key behaviours which when applied will support a student to overcome EVERY challenge which comes their way.

These key behaviours are not just applicable to school and will ensure your child confidently moves onto their next challenge of University and Career as an independent and effective operator.

KEY BEHAVIOUR JOURNEY

Each week, students will have the opportunity to improve their understanding and application of the six key behaviours.

These Key Behaviours will support students in developing critical thinking, time management, and resilience that lasts a lifetime.

THE 6 KEY BEHAVIOURS

ENGAGE YOUR VISION

CoWorks students will learn how to maintain their motivation to do the tasks they don't want to do.

PLAN

CoWorks students will learn how to plan and organise their time effectively.

TRAIN DAILY

CoWorks students build exam style tasks into their daily routine to increase confidence & performance.

PUSH YOUR COMFORT ZONE

CoWorks students understand that "without struggle there is no progress."

GRIT

CoWorks students apply their determination to overcome challenges and embrace mistakes.

OWN IT

CoWorks students take responsibility for their output and results.

[MORE INFO ABOUT THE KEY BEHAVIOUR JOURNEY](#)

THE PROGRAM
